The meeting was harmonious, and a determination expressed to organize the legislature according to the certificates issued. NEW YORK, Jan. 6.—A fire broke out at 6 o'clock this morning in the oil works at Lombard & Ayers, on North river, at the foot of 66th street. The fire was caused by the bursting of an oil still, and the flames spread with great rapidity. Two persons were seriously burned, and one may, it is thought, die from his injuries. James S. Reilly, a laborer, aged forty years, was burned about the hands, face and body. He was taken to Bellevue hospital, suffering terrible agony. James Eagan, a workman, was burned about the body, but less seriously.

A Cadet Midshipman Dismissed.

ANNAPOLIS, Md., Jan. 6.—Counsel for Cadet Midshipman Smith Salisbury, of the Naval Academy, recently tried by a court martial for hazing a young man named Charles E. Gough, in September last, has been advised that the sentence of the court has directed his client's dismissal from the academy. The court was presided over by Commander Henry B. Robeson, and in session over a week. The defense contends that the alleged hazing having occurred outside the Naval Academy, the naval authorities had no jurisdiction in the matter. Cadet Salisbury entered the academy September 23, 1878, and is a member of the fourth class. The young man whom he is charged with having hazed was a candidate for admission into the Naval Academy as cadet engineer from New Mexico. Young Salisbury left for his home to-day.

GRANT IN FLORIDA.

HE IS WELCOMED IN BEHALF OF THE STATE.

In Reply He is Pleased with What He Has Seen of It and Its Inhabitants.

FERNANDINA, Jan. 6.—Yesterday General Grant was escorted by a committee headed by General W. S. M. Davis, ex-Confederate, to the City Hall General Davis delivered the speech of welcome on behalf of the people of the State. In reply Grant said: "It affords me great pleasure to visit this State, which I do now for the first time. I am greatly pleased with what little I have seen of it thus far and with the cordiality of its citizens who have welcomed me most warmly and I am glad to see you all. In my tour of the world I have seen that which strengthened my love of my country and every section of it from Florida to Maine. The freedom and liberty which you enjoy here cannot be realized by the people of the Old World."

Referring to the report which he made in 1866, he said he believed then that the South acted in good faith, but he saw then and sees now that they were misled and drawn into the course, which produced the results now so greatly regretted by all. It was not, however, their fault. Concluding he said: "We are now a united people and no one more desires that we may continue so or will do more to accomplish that result than myself." Three cheers were given by the crowd for Grant and three for Sheridan.

A deputation from the local colored temperance societies presented an address to General Grant, to which he responded in a few words of encouragement. A general handshaking then took place, after which the party, preceded by a band, marched to the wharf and boarded the steamer Florence for Cumberland Island.

After visiting the ruins and beautiful grounds of General Henry Lee—Light Horse Harry—Mrs. Nathaniel Greene, and other near relatives of the family, the party returned to the city. On the route home a salute was fired from Fort Clinch.

A live eagle was presented to the General who responded to the presentation speech by saying that he hoped the American people would imitate the eagle by soaring above sectional strife and difficulties. To-night a ball in honor of the party is in progress.

LATE STATE NOTES.

Piedmont Press.

Mr. F. M. Williams has been appointed postmaster at Maidens, the new office just established on Maidens' creek in this county.

Mr. N. N. Burch and family moved from Wake county to this place this week. Mr. Burch will grow tobacco and grain near town.

We were shown the other day by little Ella McComb, of this place, a watermelon that was perfectly sound and as natural as when pulled.

The blacksmith shop of Mr. Frank Boyd, of Newton, caught on fire last Monday but by timely assistance the flames were extinguished without much damage being done.

Goldsboro Messenger.

A colored resident of Washington, named A. W. Collins, who believes with Fred Douglas that the exodus of Southern freedom is ill-advised, has begun a tour through the South to expound his views at meetings of colored men.

We omitted to chronicle last week the misfortune that befel Mr. Jack Yelverton, who resides in Nahunta township, on Christmas day. It seems that his little boy was popping firecrackers on his premises near where seventeen bales of cotton were stored, which took fire, and almost in an instant, all the cotton was enveloped in flames, so that it was impossible to save it. We learn that all but six bales were destroyed. The loss falls heavy on Mrs. Yelverton.

Pee Dee Bee.

Both the Cotton Mills in Rockingham stopped three days for Christmas and the holidays, and the employees spent them pleasantly. We congratulate them that the owners and managers were so kind and considerate.

Mr. Robert L. Steele, besides being the efficient financier and president of the two large cotton mills in this town, has found time to and pleasure in gathering one of the most interesting and extensive reliquaries in the country, in which are Indian arrows, weapons of defense, pieces of cooking utensils, pottery, etc.

A Mad Man in the Streets.

Charlotte Observer, 6th.

Just before daylight yesterday morning people in many parts of the city were aroused and alarmed by yells and screams which seemed rather to belong to some other regions than this, and for which no one was able to account. The cries came from a man named Allison Mitchell, who lives in Steel Creek township, and who had became crazed with drink. As soon as the police heard him enter the city, they made an effort to capture him, but being on horseback he eluded their most persistent efforts, dashing wildly through the streets, all the time screaming at the top of his voice. The officers endeavored to surround him and to flank him at every corner, and, failing in this, they finally set a large bulldog, belonging to a member of the force after the animal, in the hope of checking his speed and getting possession of his rider, but were thwarted in every attempt. Still the man kept on at headlong speed, looking every moment as if he would be dashed to pieces on the pavements, and at last disappeared beyond the city limits.

In the course of a few hours Policeman Blackwelder received information that he had returned, barefooted and bare-headed, having left his horse a mile from the city, and was in a barroom on College street. This officer went directly to the saloon, and as soon as he entered the man drew his knife and defied him, but still he clung to his weapon. At last he was induced to drop it, when he was immediately seized and conveyed to the station house. Here he again grew frantic, tore the clothes from his body and broke up everything he could get his hands on.

About noon his father came into the city and applied for permission to take him home. This was granted, and, assisted by the police, he succeeded in dressing young Mitchell, but as soon as he came out of the cell he became wild again, and the effort to get him away had to be abandoned.

It is said that Mitchell is of sound mind, though eccentric at all times, but that as soon as he takes intoxicating liquors he invariably becomes crazed, and has to be confined to prevent his doing violence to himself and others. He was riding nearly all the night before he was captured, and was heard in several parts of the county. His friends think he will recover, but he has now all the appearance of a maniac.

Journalistic.

Pee Dee Bee.

Raleigh, the "city of newspapers," has two more journalistic ventures just in the incipiency—one is thoroughly Democratic and the other is radically Republican. John Spelman, after the lapse of years, revives the old Democratic *State Journal*, $1.50 a year, and William J. Clarke hoists the new radical *Signal*, $2.00 a year; these two papers, both well printed and showing the ear-marks of ability, but taking opposite routes, with the already too numerous but able journals at "newspaperdom," promise to make things interesting and lively up there. Now if Major William A. Hearne will start his *Penny Review*, or *Penny-a-liner*, and give us an occasional five column "Mud Cut boomer," as in the initial number of the new seried *State Journal*, he may yet smoke his pipe of peace with the immense satisfaction that he is "a bigger man than Grant." Who-ra for Ral-ee!

The Newton Change.

Piedmont Press.

Captain Pitt Terrill hauled lumber this week to Newton for the new depot and the building will be put up at once. He has also hauled some iron and cross ties for the new part of the road. He began laying the track on the end nearest town Wednesday morning. The work will now progress rapidly because he has a good working force of convicts. The track will be laid to the big trestle and then the lumber will be hauled for it and while it is being built Mr. Terrill will begin laying the track from the eastern end. There are about ninety car loads of iron in Salisbury yet for this work which will be brought up soon. It will be quite a convenience to the traveling public and the citizens of Newton when this work is completed—which will doubtless be in a short while.

Another Kerosene Lamp.

Wilmington Review.

Saturday night Sarah Jane Russ, colored, living on Eighth, between Red Cross and Campbell streets, was terribly burned by the upsetting of a kerosene lamp. Her cries attracted the attention of a colored man who was passing, and, looking through the window, saw the state of affairs and forced the door open. The man tore her clothing, which was on fire, from her body and finally succeeded in extinguishing the flames, but not until after the woman had been terribly burned on the lower part of her body. It is feared that the injuries she sustained will prove fatal.

Outrage and Lynch Law in Virginia.

LYNCHBURG, Jan. 5.—Last Monday, in the mountains of Amherst, near this city, a mulatto named Columbus Mills, went to the house of an Irishman, named Miller, and told Miller's daughter he had been sent to take her to a ball in the neighborhood. He introduced himself as a white man, and she got on a horse behind him. On the way he made improper advances to her, which were repelled. She jumped off of the horse and ran back home. He followed, and, with drawn pistol, drove off the father and little brother of the lady, whom he compelled to go with him to a school house some distance away, where he committed a brutal outrage upon her. Then he ran off to Rockbridge county, where he was caught by officers, taken before Justice Goodwin, who placed him in charge of eight men, and started him to Amherst jail. Forty men on horseback took him from the guards on Friday and hung him to a tree. A number of shots were fired before the man was captured. His body was found Saturday morning, and no news of the event was received here till to-day.

Gunning Accident.

Greenville Express.

We have heard of a most distressing accident which occurred near Bethel, in this county, on Christmas day, whereby Henry Keel, aged seventeen, son of Mrs. Emma Staton, lost his life by the accidental discharge of a gun in the hands of his brother, Gray Keel. Several young men were out bird hunting, and coming to a ditch the guns were laid across, the young men jumped over and pulled them over. While Gray Keel was pulling his, the hammer caught in a grape vine and fell, the whole load entering the side of Henry Keel, passing clear through his body. Henry jumped up, cried "Oh, buddie, how it hurts!" and fell down dead. The sad occurrence has thrown a gloom over the neighborhood, and much sympathy is expressed for the almost frantic brother and bereaved mother. When will people learn to be careful with firearms?

The New Berne Emancipationists.

New Berne Democrat.

Last Thursday was the first and only pleasant day, that the negroes have had since the war in which to celebrate their Emancipation; heretofore it has either been a snowy or rainy day, or has been exceedingly sloppy and disagreeable under foot. Thursday however, the sun shone out bright and cheery, and the streets were in elegant condition for parade. Our colored friends made the most of the day, and were out in great numbers. The Elm City brass band furnished capital music, and everything passed off most pleasantly. The deportment of the freedmen during the day was decorous and becoming. Nothing boisterous or riotous occurred to mar the pleasantness of the day. Harmony, peace and good humor seemed to rule supreme.

Missed His Calculation.

New Berne Democrat.

On New Year's day while a negro boy was knocking a box to pieces with an ax, another boy standing by wished to show how dexterous he was, by shoving his hand under the ax and withdrawing it again before it could descend; he was at fault in his calculations about the sixteenth thousandth part of a second, and now when he counts the fingers on his right hand, he finds that he is one short; however he didn't know that the ax was loaded.

Homicide in Virginia.

MCGAHEYSVILLE, Rockingham Co., Va., Jan. 5.—A man named Michael, about seventy years old, was murdered not far from Hopkins's Springs, near this place, yesterday. He was found dead in the road by a man named McCauley. He seemed to have been killed by being knocked on the head. The affair occasions considerable feeling, as the victim was known as a harmless, respectable man.

Before the days of Dr. Bull's Cough Syrup, a person troubled with a cough always consulted his physician. Now he only invests 25 cents and is cured after a few doses.

Delightful Bouquets.

Dr. Price's Meadow Flowers, Evening Violet, Lily of the Valley, Pet Rose, and his other handkerchief perfumes, are delightful bouquets. They are certainly the most exquisite scents that can be imagined—the odor of dainty buds and rich blossoms.

PRESIDENTIAL TALK.

NEW YORK'S THIRTY-FIVE ELECTORAL VOTES.

A New View of the Result of the Tammany Bolt--Horatio Seymour's Chances.

New York Sun.

Leading Democrats from every section of the country whom I have talked with here are beginning to be very apprehensive lest the third term conspirators may induce the Republican Legislature of New York to change the law so as to require the Presidential electors to be appointed by the Legislature. They say that by no other means can the third term conspirators hope to accomplish Grant's election. They are confident if the people are allowed to express their will at the polls, Grant will be overwhelmingly defeated. The German Republicans, according to good information, are decidedly opposed to the third term conspiracy, and from every quarter there come tidings of opposition to Grant on the part of hitherto stalwart Republicans.

I have been surprised of late at the very general denunciation by Democrats of Tammany's treachery to the Democratic party last fall. Men who have been hitherto indifferent as to the results of the fight of Tammany against Tilden, now curse John Kelly and Tammany in the roundest terms. They say that the evidence grows stronger every day that there was a previous understanding between Kelly and Conkling, and the bolt of Syracuse was prearranged. The uncontradicted statement in *The Sun* of Tuesday last, that the Republican Committee in Brooklyn furnished John Kelly with $7,000 to help pay the expenses of the bolting campaign, has created a profound sensation. There was plenty of circumstantial evidence of the bargain between Kelly and the Grant Republicans, but this was the first direct and positive proof of it. And now when you hear Democrats talking about the probability of the thirty-five electoral votes of New York being given to Grant by the Republican Legislature of that State, they say: "And this John Kelly and his fellow conspirators made possible by defeating the re-election of Gov. Robinson.

HORATIO SEYMOUR.

There is a growing impression that Horatio Seymour is really a candidate for the Presidency. This impression is largely due to the course of Senator Kernan, who is known to be the intimate and confidential friend of Mr. Seymour. The Senator is an adroit politician. His close relations with Mr. Seymour being so generally known, it is natural that leading Democrats should ask him whether it is possible to induce the Sage of Deerfield to accept the Democratic nomination. Mr. Kernan always replies that he believes that Mr. Seymour is sincere in his declarations about desiring to end his days in the retirement of private life, but he always manages to convey the impression that he might be induced to sacrifice his inclinations to the unanimous demand of the national Democracy. Senator Kernan is very emphatic in his statements about the mental and physical condition of Mr. Seymour. His intellect is as clear as it ever was, and his health is unusually good for a man of his age, for he has always been abstemious and regular in his habits. The stories about the possibility of danger being anticipated by his physicians in the event of his engaging in an exciting political campaign Mr. Kernan says are bosh.

The interview with Mr. Seymour which was recently telegraphed all over the country goes far toward strengthening the belief that he would accept if the Democratic National Convention should with unanimity nominate him. It was noticeable that in that interview Mr. Seymour, while reiterating his oft-repeated declaration that he desired to end his days in retirement, did not say that he could not be induced to accept the Democratic nomination. He did say that he believed he would not be nominated—that it was not probable that he would be nominated; but from the beginning to the end of the interview, which has every indication in its preparation and publication of being by authority, Mr. Seymour does not say he will not accept if nominated.

A gentleman who is well acquainted with Mr. Seymour says that he does not believe that he would accept if nominated, but that he will not in advance decline, because he is too modest to believe that after what he has said, the nomination would be forced upon him. Still another gentleman who knows Mr. Seymour, better, perhaps, says he would decline the nomination, but would be exceedingly gratified by having it tendered to him.

A Painful Accident.

Monroe Enquirer.

On Friday evening, the 26th ultimo, Messrs. E. J. Heath and T. D. McCauley were out taking a buggy ride, and when about two miles from here, near the residence of Mr. Thomas A. Austin, the horse ran away, upsetting the buggy and pitching the occupants out headlong. Mr. McCauley had his right leg broken just above the ankle, while Mr. Heath's right arm was dislocated at the elbow. They were taken to the residence of Mr. Austin, and the broken bones and joints were carefully set by Dr. I. H. Blair. Both have since been brought home, and are now doing well.

Free Tuition.

Chapel Hill Ledger.

Each county in the State is allowed to send one student to the University free of charge for tuition. If each county would take advantage of this privilege, the University would give annually to the people of the State nearly eight thousand dollars' worth of tuition free. This it is required to do by the laws of the State, and still not one cent does the State appropriate for its support.

VEGETABLE BUTTER.

THE VERY LATEST AGRICULTURAL ACHIEVEMENT.

The Wonderful Production of a Montana Farmer—Nursing a Squash from the Bottle.

Among those exhibiting at the Territorial Fair this year is James R. Johnson, a farmer of the Prickly Pear valley, whose ranch lies seven miles north of Helena. He has a splendid collection of grain and vegetables—among the latter a squash of nearly forty pounds in weight, which has a history too remarkable to pass unrecorded. It is of the California mammoth variety, and considerably the smallest "bulb" of several of the same kind shown in the same collection. Six or seven weeks ago—when little more than ten pounds weight—this squash was accidentally severed from its vine by the tread of a farm employee. Mr. Johnson deplored the accident, the vegetable being a favorite and the first to set from the blossom, and he entertained great expectations of it. The hired man, seeing his distress, suggested that the squash be taken and raised by hand. Johnson confessed that he did not know what that meant. "I will grow and mature it if you will furnish the milk," was the response. "Go ahead and do it," said Johnson, who smiled grimly, thinking that the hired man was disposed to play a "josh" on him.

The "orphan vegetable," with the stem and a few inches of the vine left intact, was taken to the house and deposited in a garret room where it could get a bath part of each day. The stem was wound with several layers of cotton cloth and this was submerged in a dish of new milk morning and evening. The squash fed hungrily on the lacteal fluid. On the start it absorbed a pint in a few hours. This was necessarily increased to a quart, and twice a day it was thus rationed to the first day of the fair, on Monday last. It thrived wonderfully on its novel bringing up, and neighbors who dropped in from time to see it expressed their surprise and astonishment at this singular mode of vegetable production.

They saw it nurse, and could easily detect the healthy appetite draining the nutritious drink. Every one gave the squash repeated shakes, and pressed their investigations to learn whether there was any internal evidence of all the milk which that vegetable had consumed. The squash prospered amazingly, expanded in size continually, and when taken away for exhibition weighed within a fraction of forty pounds. There were many at the fair whose curiosity was greatly excited about this squash, and Mr. Johnson promised to cut the vegetable in the presence of witnesses, and exhibit to them its "true inwardness." This was done this morning before a large concourse of people, and the amazement of the multitude may be imagined but not described when it was opened to their wondering eyes. Divided carefully in the middle, the top half was removed, disclosing a globe of beautiful goldenhued butter, with plump-filled seeds peeping out from all sides of the luscious-looking ball. Its weight was estimated by many of the best judges at ten pounds, and was as fragrant to the smell as a spring-blown daisy.

It was the unheard-of novelty more than the surpassing beauty of the sight that raised the enthusiastic outburst of the crowd as they viewed this remarkable blending of farm and dairy produce. The "meat" of the squash, in richness of color equaled that of the butter-ball, and after everybody had had a fair chance to see and to satisfy themselves of the genuineness of both, and investigate to their heart's content the unique exhibit, it will be divided up and parceled out to a dozen or more parties, to whom also will be given portions of the butter for trial. Mr. Johnson receives from the citizens of Helena a special premium of $20 for this rarest specimen of "butter squash" ever raised by hand, or, for that matter, by nature's own process. We think it will be generally acknowledged a wondrous product, the counterpart of which has probably never before been seen or heard of in Montana or any other part of the world.

Week of Prayer.

At the meeting of the Pastors on yesterday, Saturday afternoon, six of the churches were represented, it was unanimously agreed to observe the week of prayer in their churches by union prayer meetings on each evening of the week, and thus unite with God's people throughout the world in supplicating common blessings. The United States Branch of the Evangelical Alliance have adopted the following topics as suitable subjects for exhortation and intercession on the successive days of meeting:

WEDNESDAY, Jan. 7.—Prayer for the Church of Christ, its ministers, its growth in grace, and its enlargement; and for revivals of religion throughout our country.

THURSDAY, Jan. 8.—Prayer for Christian education; for the family, and institutions of learning; for Sunday schools and Christian Associations.

FRIDAY, Jan. 9.—Prayer for nations, rulers and people; for peace and religious liberty.

SATURDAY, Jan. 10.—Prayer for Home and Foreign Missions; for the outpouring of the Spirit upon all flesh and the conversion of the world.

The meetings will be held in the following order:

Wednesday evening at 7:30; Person Street Methodist Church.

Thursday evening at 7:30, First Presbyterian Church.

Friday evening at 7:30; Swain Street Baptist Church.

Saturday evening at 7:30; Edenton Street Methodist Church.

The services in each church will be conductnd by the pastor of such church, and addresses may be expected each night by the ministers and lay members of the different churches. All who feel a desire to attend are cordially invited to do so.

Make a Note of This.

Professor Green, a distinguished allopathic physician, wrote to the Medical Journal to the effect that after all other means had failed he sent for the Kidney Cure, (now Safe Kidney and Liver Cure), and to his astonishment cured a serious case of Bright's Disease by administering it, and afterward found it equally beneficial in other cases. He advised his brother physicians to use it in preference to anything else for kidney diseases.

To breathe from lips that SOZODONT
Has touched with a soft crimson glow
That shows the dazzling teeth off so.

DAILY NEWS

WEDNESDAY, JANUARY 7, 1880.

GEO. C. JORDAN, Editor and Prop'r.

THE *Greene County Advocate*, published at Snow Hill by Messrs. W. C. Galloway, E. T. Albritton and S. Carraway, is the latest journalistic venture that has reached us. It is a modest little sheet, and the advertising patronage seems to "pan out" very well.

THE Wilmington *Star* is of the opinion that the proper way of spelling Shakespeare's name is as we have written it. Delia Bacon, several years since, made an elaborate argument in favor of spelling it Sir Francis Bacon, which has been liberally indorsed by Shakespearean scholars.

IT is truly wonderful to note how eulogistic the Republican papers of New York have become on the occasion of the retirement of ex-Governor Robinson. The Rochester *Morning Herald*, an independent journal, with a strong Republican leaning, expresses the general sentiment felt without regard to party in the following:

But we believe it is the honest sentiment of a majority of the people of New York, notwithstanding the results of the November election, that Lucius Robinson has been a faithful, earnest and worthy Governor. He has exhibited qualities especially commendable in one elevated by the choice of the people to a place in which he is expected to act for the people. Into his retirement he will carry the respect and confidence of the public, and with thousands of others, we hope that his coming years may be as prosperous and pleasant as his past has been honorable and useful.

THE trial of the Rev. Mr. Hayden for the murder of Mary Stannard will pass into history as one of the most important cases that has ever been tried in this country. The prosecution seemed to have a very plausible theory of the affair, and evolved much scientific knowledge to sustain it, and more legal skill and shrewdness in making the circumstances which must always be relied upon in trials for murder cut an important figure in the case. The State consumed thirty-five days in examining witnesses before resting the case, and before the defense begun it looked as if Mr. Hayden was really guilty and would be convicted and punished as the murderer. But, after his side had been heard, and he himself had been on the witness stand and subjected to the most rigid cross-examination, the circumstances have been explained on a different hypothesis than that followed by the prosecution. It does not look now as if Hayden is guilty, and, if the jury so decide, the perplexing question will still remain, "Who murdered Mary Stannard?"

SENATOR KERNAN, of New York, as will be seen in another column, is strongly of the opinion that ex-Governor Seymour will accept the Democratic nomination for President if tendered him unanimously. The Republican press seems to be afraid of this as they are now engaged with singular unanimity in nominating Senator Bayard for the Presidency. The Baltimore *American* has pronounced in his favor, while, as a matter of fact, the leading Republican journals in New York city have no unfavorable comments to make upon him as a possible candidate. A correspondent, writing to the New York *Herald* from Kentucky, asserts that, with the exception of Mr. Tilden, he is the only man who awakens the least enthusiasm in that section. This informant says that it would be exceedingly impolitic for the Democrats to put in nomination a man who had been a Union soldier during the civil war. The "solid South" has a prejudice against such persons, even if they are Democrats; and, to quote from his letter: "If General Hancock, General McClellan, or any other battle-scarred Union Democrat, lived in Kentucky, he would not receive a corporal's guard for any office he might run for."

THE SITUATION IN MAINE.

To-day by statute the Maine Legislature meets. Owing to the stupidity of election officers and the consequent action of Governor Garcelon there are thirty-nine vacancies existing in that body, while the political complexion is altered materially from the announced result at the close of the election. How the matter will terminate since the reply of the Supreme Court to the interrogatories propounded by the Governor remains to be seen. We did not publish the decision yesterday as the telegraphic report was incomplete, and really but little could be gained from it to decide as to its full bearing on the matter. The decision as it now reads is in substance as follows:

1.—No authority is given to the Governor and Council when there is no return to order a new election. A representative is not to be deprived of his rights because municipal officers have neglected their duty.

2.—The constitution calls for a return that is regular in the essential forms, and which truly represents the facts to be described by it. But much of the constitutional requirement is directory merely. It does not aim at depriving the people of their right of suffrage—of their right of representation—for formal errors, but aims at avoiding such a result. When constitutional requirement has not been fully or has been defectively executed by town officers, it is in aid of the constitutional provision to supply the omission or deficiency as nearly and as correctly as may be. Such is the purpose of the statute. It is competent for the Governor and Council to allow an erroneous return or one that is informal or defective to be aided and corrected by an attested copy of the record as by the statute provided.

3.—If a return from a city having five or seven aldermen is signed by three of them, it may be a valid and legal return, because only four may have been present, and in such a case three (being a majority of those present) could legally act, although the fourth should oppose their action and refuse to join them. When such a return is laid before the Governor and Council they cannot know, and they have no right to assume, that the return is not valid. It is the duty of aldermen to be in session and examine ward returns, compare and decline votes, and the duty of the clerk to make a record thereof. From that record, a certified copy of which is returned, the law presumes that a quorum of aldermen was present. The Governor and Council have no right to go behind the return.

It is immaterial whether the aldermen returned to the Governor and Council the detailed vote of each ward separately, or whether they return the result of all votes of all of the wards for each candidate. Either mode is a satisfactory way of reaching the same result. Substance only is sought for in such matters. Nor is it a material matter that, instead of returning all the names of the persons voted for, there is a return of votes as "scattering" provided that however such votes be added or subtracted when some candidate or set of candidates appear to be chosen by a plurality of the votes thrown. The Governor and Council cannot officially know, nor have they the right to ascertain, that the votes returned as "scattering" were not actual ballots with the word "scattering" written thereon; nor is the election of the candidates to be chosen by a plurality of votes to be defeated because the whole number of votes or ballots may be stated erroneously or not stated at all.

Questions 5, 6 and 7 relative to attestation of clerks and absence of town officers, are answered in the same manner as question 3. The Maine Supreme Court has evidently studied the rulings of the Eight to Seven Tribunal with good result.

8.—A person not a citizen may be elected or constituted a selectman, so that his official acts bind the town and are valid so far as affects the public. Such a one would be an officer *de facto* and be clothed with apparent rights. His acts would bind the town.

9.—The presiding officers are to determine whether the ballot offered has a distinguishing mark or figure, so that the rejected voter may procure a ballot if he chooses to which no exception can be taken. If the ballots have distinguishing marks or figures, it is no part of the duty of the officers of the town to make any report in reference thereto. They should reject the ballot if offered when it is within the prohibition of the statute. The statute prohibits rejection of the ballot "after it is received into the ballot-box." It is then to be counted. The Governor and Council have nothing to do with the question; their duty is to count the votes regardless of the fact improperly set forth in the returns.

10.—If the ditto marks or dots are placed under the figures or words of the first candidate's vote, the return should be counted. Where it appears by the letters or figures in the first line, and by ditto marks or by dots in the following lines, that same class of candidates received the same votes, there can be no ground for rejection.

11.—We assume that the genuineness of the return referred to relates either to the signatures of the officers signing or to alterations of the return. The Governor and Council have no power to reject returns on either ground unless an objection in writing is presented to them, setting forth that the signatures of such officers or some of them are not genuine, or that the return had been altered after it was signed.

The twelfth answer is replete with those sentiments of profound patriotism that mark the Republican political statesmen of the Bill Chandler type. The Court states that "when two lists of votes are returned to the office of the Secretary of State by the clerk of any city, town or plantation, and both are duly certified, the return first received at the office of the Secretary of State must be the basis of the action of the Governor and Council. If defective or not a true copy of the record, it can be corrected, or the defects supplied, only in accordance with the provisions of the statute relating thereto."

"This government rests upon the great constitutional axiom that all power is inherent in the people. 'It is a government of the people, by the people, for the people,' and if administered in the spirit of its founders 'it shall not perish from the earth.' Its constitution was formed, to use the apt expression of one whose memory is embalmed in the hearts of his countrymen, 'by plain people,' and 'plain people' must administer it. The ballot is the pride as well as the protection of all; it is the truest indication of the popular will. The official returns required from the municipal officers of the several plantations, towns and cities are and will be made by 'plain people,' and made, too, in the hurry and bustle and excitement of an election. They are not required to be written with the scrupulous nicety of a writing master, or with the technical accuracy of a plea in abatement. Sentences may have been ungrammatical the spelling may deviate from the recognized standards, but returns are not to be set to naught because the penmanship may be poor, language ungrammatical, or spelling erroneous. It is enough if the returns can be understood, and if understood full effect should be given to their natural and obvious meanings."

And thus endeth the lesson. It should be understood hereafter that there is no existing law in relation to elections. You can vote as you please and the election officers can return as they please as they did in the Louisiana election.

Governor Garcelon at the outbreak laid great stress on the claim that in deciding upon the returns he was actuated solely by an honest desire to go by the constitution and the laws. He thoroughly believed he was justified by law and precedent, and the Republicans in that State have in the past furnished many precedents which the Governor and Council found convenient this year. However, he was willing to give his opponents a fair showing. The Supreme Court of the State is the highest interpreter of the constitution and the laws. To that body, partisan in its formation, he submitted certain questions for decision, and he was beaten every time. He might have known as much.

There are not wanting critical observers in this instance, even among Republicans, as may be seen by the comments of last week's New York *Nation*, to remark that the Republicans would probably have made much less fuss about the counting out of their men if the result of the election had not thrown the choice of Governor into the Legislature, and that Mr. Blaine, perhaps, would have been less blatant if this had not been the Presidential year, and that gentleman had not felt the importance of having his own State sure in going before the National Republican nominating convention. The people, be they Democrats or Republicans, who have interests at stake in the preservation of peace and order and the triumph of legal remedies over violence and revolution, have, by the mere force of public opinion, brought the leaders and representatives of both parties to a more rational frame of mind. There is no reason to suppose that the Governor and Council ever intended to usurp the functions of a returning board, or to do more than exercise the powers and perform the duties imposed upon them by the constitution and laws of the State.

LITERARY NOTICES.

The Southern Farmer's Monthly for January.

The January number of this popular magazine is out, and it is the best one yet issued. Among the numerous interesting original articles are two by Dr. A. Stelle, of Mobile, Ala., on "Fruit Tree Borers." Two illustrations on the "Hog" question, and an illustrated article on "How to Cut and Cure Meats," are also very seasonable. The Fashion Department (for farmers' wives and daughters) has the usual fashion plates. Take the number as a whole, it is one of the best publications of its kind in the country, and is well worthy the name it bears—*The Southern Farmer's Monthly*. The Sunday-School World

It now appears as an octavo magazine, with an appropriately illuminated cover, a colored map, Editorials on current topics, Sunday-school News, Lesson Explanations by the Rev. John Hall, D. D., of New York, Primary Lesson Talks by Mrs. Alice W. Knox, Light from Bible Lands, by Professor George E. Post, M. D., of Syria, Suggestions how to use the Lesson Helps, by the editor, Rev. Edwin W. Rice, Contributed Articles by leading writers, Mission Work, A Correspondent's Table, dealing with practical matters suggested by correspondents, Hints to Writers for the Press, Review of New Books, etc., making it more than ever attractive as a journal for the Pastor, Superintendent, Teacher, Bible Student, and Christian Worker. Published by the *American Sunday-School Union*, Philadelphia.

The American Sunday-school Union Quarterly,

For Home and School, is a new publication containing helps on the International Lessons. Within the bright cover of the *Quarterly* will be found all the helps necessary for making these Lessons interesting and useful. A brightly colored map of the Holy Land, Pictures of Nazareth, Bethlehem, and the Mount of Beatitudes, taken from original photographs, will help to make real the scenes in the life of Christ. A Chronological Harmony, from Ellicott and Robinson, shows the order of events. In the Lesson Helps, a special feature is the Descriptive Explanation which presents the facts in a life-like word-picture. Notes, Word Studies, and Questions are added to present the best results of study without learned technicalities. Home Talks suggest, in a pleasant way, some of the faults of scholars, and the cure for them. The Lord's Prayer, the Ten Commandments, the Beatitudes, an order of Sunday-school Service, etc., give completeness to the new *Quarterly*, which will secure for itself many friends. Published by the American Sunday-school Union, Philadelphia.

Guilty of Wrong.

Some people have a fashion of confusing excellent remedies with the large mass of "patent medicines," and in this they are guilty of a wrong. There are some advertised remedies fully worth all that is asked for them, and one at least we know of—Hop Bitters. The writer has had occasion to use the Bitters in just such a climate as we have most of the year in Bay City, and has always found them to be first-class and reliable, doing all that is claimed for them.—*Tribune*.

Fine Oranges.

Mr. Thomas J. Steele placed on our table on New Year's morning two of the finest oranges we ever saw, sent us by Dr. R. J. Steele and raised by him on his own farm in Florida, where he now is. He has a large young farm of trees just now beginning to bear and we are glad to chronicle his success.

Exquisite Pleasure.

The most exquisite pleasure is derived from Dr. Price's Unique Perfumes. His Pet Rose, Meadow Flowers, Lily of the Valley and other handkerchief odors, are as fragrant and natural as the flowers from which they are made. They are truly delightful.

Of Any Value.

If the testimony of eminent chemists and sagacious medical men, is of any value, Dr. Price's Cream Baking Powder is the most perfect made. These men of standing in their profession, not only recommend its use, but indorse it by using it in their own families.

The Truth.

In the whole United States there is not a flavoring extract that is so valuable, so positive, so effectual in producing the most delicious, desirable, and delicate flavored cakes, pastry, ice cream, etc, as Dr. Price's justly celebrated Special Flavoring Extracts.

BLOOD AND SKIN HUMORS,

The Scourge of Mankind. Old Methods of Treatment and Remedies a Failure.

CUTICURA RESOLVENT, the Great Blood Purifier and Liver Stimulant, is the most searching, cleansing, and purifying agent of this country. It may be detected in the saliva, sweat, milk, blood, and urine in forty minutes after taking the first dose, showing that it has entered the circulation and been carried to every part of the system. It forever eradicates the virus of Syphilis, Scrofula, Cancer, and Canker, those terrible blood poisons that rot out the machinery of life, filling the body with foul corruptions. Taken internally in conjunction with the external application of CUTICURA, the Great Skin Cure, it speedily cures Scrofulous Ulcers and Old Sores, Salt Rheum, Psoriasis, Tetter, Ringworm, Scald Head, Dandruff, and all Itching and Scaly Diseases of the Skin and Scalp.

ECZEMA ON THE SCALP.

BREAST AND LIMBS CURED.

MESSRS. WEEKS & POTTER: Gentlemen—I cannot refrain from adding my debt of gratitude to you for having placed within my reach the wonderful CUTICURA REMEDIES, which have rendered unnecessary all further experiment of physicians, and in a remarkably short space of time have rid me of a loathsome disease. I dispensed with all physicians two years ago, believing they did me no good. The CUTICURA has stopped this unsatisfactory expense—even if it were necessary and I had the courage any longer to follow their advice—and brought the long-looked-for cure and happiness.

I have been afflicted with Eczema or Salt Rheum on my scalp, breast, and limbs for five years, during which time I have been under the treatment of physicians, or at mineral springs, or taking some kind of medicine. I have been treated by Drs —— of ——, Dr. —— of ——, and visited sulphur springs and taken numbers of patent medicines, all without the faintest approach to a cure.

April 1st last, I began the use of CUTICURA, which was immediately successful in my case, entirely curing me. I have not had a clean scalp for 5 years until the use of CUTICURA entirely healed it and left it clean and healthy. The other parts of my body were affected in a more aggravated form, but are now completely healed. I believe myself completely cured. I shall continue the CUTICURA REMEDIES directed, for its wonderful action on the stomach and bowels and cooling influence on the blood. It will afford me pleasure, as I have done in many cases, to urge the afflicted to use these wonderful remedies.

Yours, etc.,
STEPHEN CROWELL.
NEW BEDFORD, Sept. 30, 1878.

A RUNNING SORE

CURED IN ONE WEEK.

MESSRS. WEEKS & POTTER:—Some three or four weeks ago I ordered a box of CUTICURA for a bad case of Salt Rheum. The back of one of my wife's hands was a running sore. In one week from the day it arrived her hand was well and has remained so up to to-day. E. P. DAGGETT.

MILFORD, ME., June 10, 1878.

VEST POCKET CURE
25 DYSPEPSIA 25
CLERGY & DOCTORS TESTE

Rev. Dr. Mangum, Prof. Univ. of N. C, I concur with Bishop Doggett in his estimate of the Vest Pocket Cure.

Rev. Drs. Jeter, Broaddus, Dickinson, (Bap.) It is indorsed by the direct personal testimony of men of national fame and strictness of speech. It is not too much to say that no medicine ever had such support in its favor as a specific. The word of any one of the eminent divines who underwrite this antidote to dyspepsia has deserved weight. Their united witness joined with the experimental use and approval of the preparation by well-known physicians, removes all doubt. It is beyond question, a wonderful therapeutical agent.—Editors Religious Herald, Va.

Chaplain Randolph Macon College, Va. Many cases of Dyspepsia within my knowledge have been cured by it. Cramps, Colics Headaches and all sorts of pains from indigestion yield promptly to it. The cures of this sort are innumerable.

Rev. R. L. Dabney. LL. D., Col. Va.
It is highly esteemed here by the regular Medical Faculty and the people It is excellent for indigestion and flatulent colic sedative, soporific, tonic, slightly aperient without nausea.

Rev. B. F. Woodward, P. E., Va. Cont
About twelve years I suffered from Dyspepsia. Falling in with this remedy, I gave it a fair trial. After its use I could eat anything with impunity. I am sure I am indebted to this medicine for what of health and physical comfort I have had for the last sixteen years. I have known many since to be relieved by its use.

Rev. Robert W. Watts, A. M., Va.
I have used the mixture in my family for years, and have taken it for a Dyspepsia Colic, which threatened my life, and was cured, eating any diet without hurt. I have recommended it to other sufferers with happiest results. It is the best tonic and corrective I ever knew. For prostration from Dyspepsia or Liver Disease it is invaluable.

J. D. Eggleston, M. D., Va.
It is a highly valuable remedy, and is more extensively used than any single article in the whoe list of medicines, so far as I observed in my practice, for all the complaints in familie from indigestion. I use it and recommend it.

Editor Richmond Christian Advocate.
This remedy is of tried virtue. I have seen Dyspepsia cured completely by it. It seems to be an antidote to our "National Disease." The ingredients are not kept by the apothecaries, and have been difficult to get.

A Rare Chance for Investment.

Wishing to give my whole attention to the lumber trade, in which I am about to engage on a larger scale than ever before, I offer for sale on terms to suit the times the following valuable property in Cary:

I.

MY PLUG TOBACCO FACTORY, in a BRICK building 50x80 feet, 3 stories high, the lower story being two large storerooms. The Tobacco Machinery is new and has a capacity of manufacturing 1,000 lbs. per day. The factory has been worked a year, and a good beginning for a trade has been made. The building and the machinery will be sold together, or separately to suit purchasers.

II.

GRAIN MILLS,

in a 3 story brick building, 28x40 feet. Two Wheat Mills and one Corn Mill, new and complete with a capacity for grinding 100 bushels of wheat and 100 bushels of corn a day, and can compete in quality of flour with any mills in the State. The mills have had a very large local patronage during the past year. They are driven by a 60 HORSE POWER STEAM ENGINE, improved, of the make of Talbott & Sons, Richmond.

Attached to the engine is also a 60 Saw CORTON GIN and power press, at a safe distance (about 100 feet) in a different lot. The engine has a brick smoke-stack 60 feet high, making the danger from fire the least possible and the rate of insurance very low.

III.

Several well built and handsome residences, with lots and gardens of about 1 acre to each dwelling. They are wooden buildings, 2 stories high, with from 6 to 7 rooms each situated in desirable locations in the village.

Besides these, 4 one acre lots, with cottage but dings of 2 rooms.

TERMS: One third Cash; balance on reasonable time.

Justice's Court.

State *vs.* James Edwards, assault with a deadly weapon. He was required to give security in the sum of $25 for his appearance at court.

Mayor's Court.

His Honor last week wanted to gamble fifty cents' worth that yesterday would be a good day for a barbecue, but once in a while judicial wisdom goes astray, and the morning was not promising for an out-of-doors feast, so he dished out the law in calf-binding instead of shoat with a scorched hide.

Joe McAllister, colored, and a lady of color were arraigned for "messing around" indiscriminately, and a contribution of $2.25 each was levied on them.

Henry Thompson, a half-witted colored man, slapped a child rather smartly and was sent to the workhouse for thirty days.

Atkinson, who made the opening address, after which the following gentlemen took part in the meeting: W. S. Primrose, C. B. Fairchild, John Armstrong, D. W. Bain and John B. Burwell.

On Monday night it was very pleasant to see present all the ministers of the churches taking part in the observance of the meetings; last night it was very painful to see that not one was present except the Pastor officiating. Ask your Druggist as to the truth of these remarks. Large size 75 cents. Try it and be convinced.

What Physicians at Home and Abroad Think of the Seven Springs Iron and Alum Mass.

In the treatment of Dyspepsia, Chlorosis, Anæmia, Nervous and Muscular Debility, Nervous and Sick Headache, Dysmenorrhœa, Menorrhagia, Amenorrhœa, diseases of the Kidneys and Bladder and such like organic or functional disturbances, I know of no remedy upon which I can rely with more certainty of satisfactory results than the "Seven Springs Mass."
W. F BARR, M. D.,
Abingdon, Va.

I have found no one single remedy to yield such satisfactory results as the "Seven Springs Mass." In the treatment of Dyspepsia, Chronic Diarrhœa, Anamia, Chlorosis, and for Chronic Eczema, I find it invaluable, associated with appropriate topical treatment.
GEO. T. HARRISON, M. D.,
New York City.

From my experience with the "Iron and Alum Mass," I believe it will prove the best medicine we have in use, for chronic diseases.
G. M. D. PATTERSON, M. D.,
Eaglewood, Texas.

For Dyspepsia, Ulcerations of the Throat, Inflammation of the Neck of the Bladder, Leucorrhœa, etc., the "Seven Springs Mass" seems to act with almost specific effect.
E. O. GRIGSBY,
DeView, Ark.

We could extend this list into the thousands with such testimonials from physicians from every State in the Union, but these are sufficient to indicate its application. The reputation of the remedy is too widely known to waste words upon its character. In ordering from druggists always mention Seven Springs Mass. Price $1 per package or six for $5, sent by mail, postpaid.
